

FACES^{of} AMENIDA

I have spent the last 3 years moving from one retirement community to the next feeling out of place and comfort. A friend told me about Amenida. When I entered the building I felt like I was coming home. The management and staff are my biggest supporters – when I have something to say, they listen. Even my dog, Tommy was warmly welcomed as part of the Amenida family. I hope others get the same chance to be treated this way. ~ Ken Hoffmann
